## Yara Threat Detection Engine

- a) Yara is used in digital forensics and incident response
- b) Ad-hoc Yara scan for a specific backup

Access

Day 1

- c) Integrated into Surebackup and secure restore
- d) Can be used daily or during incident response

#### Accelerates clean recovery from ransomware while reducing the chance of reinfection

**Threat Actor** 

infected restore points

## **Built-in Security & Compliance Analyzer**

Over 30 security checks:

- a) Veeam Backup server hardening
- b) Environment configuration verification
- c) Built-in scheduler and email notifications
- d) Veeam Monitoring & Analytics alerts

## Your data becomes safer as you successfully clear more security checks

## Veeam Recovery Orchestrator v7

**Recovery Orchestration** 

## Veeam Recovery Orchestrator

#### Compliance

RTO and RPO reporting help meet compliance standards and SLA targets

#### **Clean Recovery**

Restore the most recent clean recovery point, powered by iterative ransomware scans and VBR-backed intelligence

#### **Dynamic Documentation**

Automatically updated reports for checks, tests and executions help correct issues with DR readiness

#### **Recovery to Cloud**

**Orchestrated Direct Restore** to Microsoft Azure gives your business resiliency with DR to the cloud.

## Introduction to Wasabi Cloud Storage

Daniel Arabié Country Manager Central & Eastern Europe

### Who Is Wasabi

#### **Mission:** Low Price, High Performance, Secure Object Storage

- Started in 2015 by Carbonite's founding team
- Privately held with \$534M in financing to date

#### **Product:** Cloud Object Storage as a Service

- Comparable to: AWS S3, Azure Blob, GCP Storage
- Thousands of customers & partners across all verticals

## **Rapid Company Growth**

>80K Customers & >18K Partners And growing

Year over year

**Multiple Exabytes** of storage under management

**13** Storage Regions And expanding

**\$534 Million** In financing to date

**NPS 58** Industry average 36

#### Doing business in more than 100 countries

## Low Price, High Performance, Secure Object Storage

Optimal price, performance, and protection for object storage

Protection

80% less than AWS S3 No egress charges No API request charges Faster than the competition Quick uploads & downloads Private network options Data center redundancy 11x9s data durability Immutable storage

## **Game Changing Pricing**

Wasabi's flat fee of \$6.99\* per TB/mo

No charge for egress

No charge for API requests

No complex storage tiers

More info @ Wasabi.com/pricing

Storage costs for 1 PB of storage with 20% data egress per month

## Pricing - Ways to Buy

OR

#### Pay-as-you-go Storage

Pay monthly only for what you use Cancel anytime Grows with your storage needs

#### **Reserved Capacity Storage**

Purchase in 1, 3, or 5 year increments Larger discounts based on term & capacity Premium support included

## Protection

Durability, Availability, & Security

**11 x 9s** data durability with exabyte scale

99.99% availability SLA with multiple data centers

 $\checkmark$ 

Strong encryption, identity & access mgmt, & multi-factor authentication

Immutability via S3 object lock protects against ransomware

#### **BUILT-FOR-SCALE, DURABILITY, SECURITY AND COMPLIANCE**

#### Compliance with industry privacy, security, and data center standards

## Wasabi Storage Regions

#### **Current Locations**

#### North America

- us-east-1 & 2 (Virginia) - us-central-1 (Texas) - us-west-1 (Oregon)

- ca-central-1 (Toronto)

#### Europe

- eu-west-1 (London) - eu-west-2 (Paris) - eu-central-1 (Amsterdam) - eu-central-2 (Frankfurt)

#### Asia

- ap-northeast-1 (Tokyo) - ap-northeast-2 (Osaka) - ap-southeast-1(Singapore) - ap-southeast-2 (Sydney)

#### **Planned Locations**

- govcloud sites in us-east & west - new sites in EMEA/APAC/LATAM

## **Complementary Wasabi Products**

In addition to Wasabi Hot Cloud Object Storage, we also offer these related products:

#### **Specialized Services**

#### **Service Management & Data Migration Tools**

Wasabi object storage paired with gateway software optimized for NAS use cases

Wasabi object storage paired with gateway software optimized for video surveillance use cases

Manage multiple Wasabi accounts from a single platform

Replicate buckets between Wasabi regions & migrate buckets from other storage clouds or S3 on-prem

Transfer on-prem storage to Wasabi via a physical appliance

Privately connect your on-prem or cloud environment to Wasabi

#### **Use Cases for Wasabi**

### **Broad Partner Network Across Multiple Segments**

## **Adoption Across Industry Verticals**

Wasabi is turning out to be sort of a proverbial home run in that - we project using it for all of our backups.

Brian Shield - SVP | CTO of the Boston Red Sox

#### **Major Sports Brands**

Official Cloud Storage Partner of Liverpool Football Club

Proud Partner of the **Boston Red Sox** 

Official Cloud Storage Partner of the Boston Bruins
